Question bank

All 77 reported questions, grouped two ways: by how hard the question is, and by the kind of document it is asked about. The pass marks come from the last saved run of each set. Written by `python eval/question_bank.py`; do not edit by hand.

Results by difficulty level

Level	Kind of question	What makes it hard	Questions	Passed
1	One fact	The answer is one fact stated in one place	30	29 / 30
2	Several facts, one passage	A list or a few facts that sit together	7	7 / 7
3	Facts from different places	The answer needs two passages, or two documents	12	12 / 12
4	A near-miss sits close by	A similar but wrong value is in another document, version or section	7	7 / 7
5	Must be refused	The documents are on topic but do not state the fact, or it is off topic	21	21 / 21
	All		77	76 / 77

Results by document format

Format of the document that holds the answer	Questions	Passed
Markdown	7	7 / 7
Mixed (Markdown + PDF (typed))	1	1 / 1
PDF (typed)	32	32 / 32
PDF form (labels and values)	10	10 / 10
Plain text	3	3 / 3
Scanned PDF (read with OCR)	3	2 / 3
No document (must be refused)	21	21 / 21

Test set: 8 made-up company documents

ID	Level	Format	Question	Passed
t01	1	PDF (typed)	What is the standard hotel cap per night under the expense policy?	yes
t02	1	Markdown	How often must passwords be rotated?	yes
t03	1	Plain text	How long is the free trial of Lumenfold Cloud?	yes
t04	1	Markdown	How much does the Orbit B2 weigh?	yes
t05	1	Plain text	When is the weekly VPN maintenance window?	yes
t06	1	PDF (typed)	Within how many days must an expense claim be submitted?	yes
t07	3	Markdown	How did the annual leave entitlement change between the 2024 and 2025 handbooks?	yes
t08	3	Markdown	Which scanner has the longer battery life, the Orbit A1 or the Orbit B2, and what are the two figures?	yes
t09	3	Plain text	What does the Enterprise plan cost per user per month, and how fast does Enterprise support respond?	yes
t10	3	Mixed (Markdown + PDF (typed))	How quickly must a lost device be reported, and how much is the home office allowance?	yes
t16	4	Markdown	How many days of annual leave do employees get in 2025?	yes
t17	4	Markdown	How long was the probation period under the 2024 handbook?	yes
t18	4	Markdown	What is the IP rating of the Orbit A1?	yes
t11	5	No document (must be refused)	Who is the CEO of Lumenfold Systems?	yes
t12	5	No document (must be refused)	What is the stock ticker symbol of Lumenfold Systems?	yes

ID	Level	Format	Question	Passed
t13	5	No document (must be refused)	What is the password for the guest Wi-Fi network?	yes
t14	5	No document (must be refused)	What is the purchase price of the Orbit A1 scanner?	yes
t15	5	No document (must be refused)	What is the capital city of Australia?	yes
t19	5	No document (must be refused)	What is the annual leave entitlement in the 2026 handbook?	yes
t20	5	No document (must be refused)	What is the battery life of the Orbit C3?	yes

Real set: the 88-page GDPR regulation

ID	Level	Format	Question	Passed
r01	1	PDF (typed)	Within how many hours must a controller notify the supervisory authority of a personal data breach?	yes
r02	1	PDF (typed)	What is the maximum administrative fine for the most serious infringements of the Regulation?	yes
r03	1	PDF (typed)	From what age can a child give their own consent to information society services?	yes
r04	1	PDF (typed)	From which date does the Regulation apply?	yes
r05	1	PDF (typed)	How long does a controller have to respond to a request from a data subject?	yes
r06	1	PDF (typed)	Which earlier directive does the Regulation repeal?	yes
r07	1	PDF (typed)	Below how many employees is an organisation exempt from keeping records of processing activities?	yes
r08	1	PDF (typed)	What is the lowest age that Member States may set by law for a child's consent?	yes
r09	1	PDF (typed)	How does the Regulation define pseudonymisation?	yes
r10	1	PDF (typed)	In which cases must a controller designate a data protection officer?	yes
r11	3	PDF (typed)	What are the two tiers of maximum administrative fines in euros?	yes
r12	3	PDF (typed)	How quickly must a data breach be reported to the supervisory authority, and what is the highest fine tier in euros?	yes

ID	Level	Format	Question	Passed
r13	3	PDF (typed)	By how long can the deadline for answering a data subject request be extended?	yes
r14	5	No document (must be refused)	What does the Regulation say about blockchain?	yes
r15	5	No document (must be refused)	What is the maximum fine under the California Consumer Privacy Act?	yes
r16	5	No document (must be refused)	How did Brexit change how the Regulation applies in the United Kingdom?	yes
r17	5	No document (must be refused)	What salary must a data protection officer be paid?	yes
r18	5	No document (must be refused)	Who won the 2018 FIFA World Cup?	yes

Report set: a 48-page student project report

ID	Level	Format	Question	Passed
p01	1	PDF (typed)	Which language model does the offensive language detection project fine-tune?	yes
p02	1	PDF (typed)	Which GPU was used to fine-tune the Distil-BERT model?	yes
p03	1	PDF (typed)	Who guided the offensive language detection project?	yes
p04	1	PDF (typed)	On what date was the viva-voce examination for the offensive language detection project held?	yes
p05	1	PDF (typed)	What is the maximum input length, in tokens, that the offensive language detection system accepts?	yes
p06	2	PDF (typed)	Into which four categories does the offensive language detection system classify text?	yes
p07	2	PDF (typed)	Which framework and libraries are used to build and deploy the Distil-BERT content detection system?	yes
p08	2	PDF (typed)	How much RAM and how much storage does the hardware specification for fine-tuning Distil-BERT call for?	yes
p09	2	PDF (typed)	Which evaluation metrics are used to test the offensive language detection system?	yes
p10	2	PDF (typed)	Which two interfaces does the offensive language detection system offer, and who is each one for?	yes

ID	Level	Format	Question	Passed
p11	3	PDF (typed)	How does the offensive language detection system support languages other than English, and which external APIs does it use?	yes
p12	3	PDF (typed)	What limitations does the conclusion of the offensive language detection project name, and what multimedia support is proposed as future development?	yes
p13	3	PDF (typed)	What do existing offensive language detection systems struggle with, and what does the proposed system combine to handle implicit content?	yes
p14	4	PDF (typed)	What batch size does the report recommend for training on the RTX 2050, and what batch size is set in the source code of the offensive language detection project?	yes
p15	4	PDF (typed)	On which port does the Flask API of the offensive language detection project run, and on which port is the Gradio interface launched?	yes
p16	4	PDF (typed)	What label and what confidence did the content detection system give the Hindi complaint about a useless service?	yes
p17	4	PDF (typed)	How many training epochs does the configuration in the source code of the offensive language detection project specify?	yes
p18	5	No document (must be refused)	What overall accuracy percentage did the offensive language detection model achieve on its test set?	yes
p19	5	No document (must be refused)	How many hours did it take to train the offensive language detection model?	yes
p20	5	No document (must be refused)	What grade was awarded for the offensive language detection project report?	yes
p21	5	No document (must be refused)	How many text samples from Twitter are in the dataset of the offensive language detection project?	yes

Forms set: a filled-in form and a handwritten scan

ID	Level	Format	Question	Passed
f01	1	PDF form (labels and values)	What is the preferred name of the patient on the intake form?	yes
f04	1	PDF form (labels and values)	Who is the patient's emergency contact on the intake form?	yes

ID	Level	Format	Question	Passed
f05	1	PDF form (labels and values)	What chronic conditions does the patient report on the intake form?	yes
f06	1	PDF form (labels and values)	What is the reason for the patient's visit to Willow Creek Family Medicine?	yes
f07	1	PDF form (labels and values)	How often does the patient exercise?	yes
f08	1	PDF form (labels and values)	What is the patient's own phone number on the intake form?	yes
s01	1	Scanned PDF (read with OCR)	What is the subject code written on the handwritten assignment cover page?	yes
s02	1	Scanned PDF (read with OCR)	What is the topic of the handwritten assignment?	yes
s03	1	Scanned PDF (read with OCR)	What date is written on the handwritten assignment cover page?	NO
f02	2	PDF form (labels and values)	What is the patient allergic to, according to the intake form?	yes
f03	2	PDF form (labels and values)	Which medications is the patient currently taking?	yes
f09	3	PDF form (labels and values)	Who is the patient's insurance provider and what is the policy number?	yes
f10	3	PDF form (labels and values)	What past surgeries has the patient had, and what does the family medical history say about her mother?	yes
f11	5	No document (must be refused)	What is the patient's blood type on the intake form?	yes
f12	5	No document (must be refused)	Which doctor examined the patient at Willow Creek Family Medicine?	yes
f13	5	No document (must be refused)	How much is the patient's insurance co-payment for this visit?	yes
s04	5	No document (must be refused)	How many marks were awarded for the handwritten assignment?	yes
s05	5	No document (must be refused)	Which college issued the handwritten assignment?	yes
